Re: St. Louis Tunnel and Ponds, Rico, CO

Dear Mr. Ostrander:

This letter responds to your August 6, 2010 correspondence. I have exchanged voice mail messages with Steve Way to schedule a meeting among EPA and Atlantic Richfield representatives. In our exchange of messages, we have tentatively agreed to meet at EPA's Denver office on Friday, August 27<sup>th</sup>. I suggest we meet at 9:00 am to discuss Atlantic Richfield's plans to reestablish the water treatment system for the St. Louis Tunnel discharge and EPA's proposed Administrative Order on Consent. If August 27<sup>th</sup> is not convenient for a meeting, I suggest we look at dates during the week of September 13<sup>th</sup> for a meeting in Denver.

Please contact Chuck Stilwell at (907) 564-4608 to confirm EPA is available to meet on August 27<sup>th</sup> or to identify an alternative date the week of September 13<sup>th</sup> for the meeting. Thank you.

Sincerely,

Robin Bullock  
Portfolio Manager  
BP Remediation Management / Atlantic Richfield Company
